Let's create a safer, kinder generation together

Since 2003, Tender has educated over 500,000 young people and 5,000 adults about healthy and unhealthy relationships through our creative, arts-based educational programmes.

We are one of the very few UK organisations focusing solely on the prevention of domestic abuse and sexual violence amongst young people.

We are proud of what we have achieved, made possible only by the generous contributions of our supporters.

We hope that you will join us in supporting young people to develop the skills and confidence they need to enjoy healthy relationships, based on equality and respect, throughout their lives.
